EDUCATION

Vellore Institute of Technology | Bhopal, India

B.Tech. in Computer Science | GPA: 8.8/10.0

2021 – 2025

Namo Rims | Pune, India

12th | GPA: 9.1/10.0

2019 - 2021

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, Python, C++

Technologies: React.js, Next.js, Node.js, Git, GitHub, Docker, AWS, Firebase, MySQL, PostgreSQL, MongoDB.

PROJECTS

Video Caption Generator | Next.js, Tailwind CSS, AWS

- Built a Video Caption Generator where users upload videos and the app will generate captions for it. Also has a captions editor for editing caption styling, position, and spelling

Google Docs Clone | React.js Socket, Node.js, MongoDB

- Create a Google Docs Clone with real-time collaboration. Built a rich text editor with persistent storage.

REST API Client | Node.js

- Create a Postman clone where users can test their API. Included a JSON editor for adding payload.

AWS Streaming Service | React.js, Node.js, AWS

- Created a streaming service where users can stream videos efficiently. Used CDNs and Caching for better performance

PROFESSIONAL EXPERIENCE

Software Engineer Intern | TechWhoop | Maharashtra

Nov - Jan 2022

- Responsible for Deploying 7+ Services on the cloud. Made their apps production-ready and deployed them using Docker, Google Cloud, and Heroku

Full stack Developer Intern | Provoke Developer

Mar - May 2023

- Built a Video Library for their Edtech platform using Next.js and Firebase. Also fixed and built UI component using Tailwind CSS

Data Engineer | Omdena Local Chapter

Jan- Feb 2023

- Contributed to Omdena's Local Chapter Project: Bhopal Water Monitoring. Was part of the Data analytics team. Gathered and analyzed satellite data of Bhopal Lake using Python and GEE.

RESPONSIBILITIES

Technical Lead | Devcode community | Present

Apr 2020 - Present

- Manage the Technical Department of the Devcode community. Managing and hosting technical events and their open-source projects

Technical Lead | Insights Club

Apr 2020 - Present

- Manage and develop the club's website. Integrate a PDF reader for their newsletter and magazine service

Technical Member | Data Science Club

Apr 2020 - Present

- Managing and maintaining the data science club's projects. Hosting and managing club technical events

CERTIFICATIONS

Responsive Web Design | FreeCodeCamp

- Learned about HTML, CSS, and the basics of web design

JavaScript Data Structures and Algorithm | FreeCodeCamp

- Learned about JavaScript from Basics to advanced. Learned how to implement basic algorithms and data structures

AWS cloud foundations | AWS Academy

- Learned about AWS services and how to work with them
